## SUMMARY

I am seeking a job that offers both a friendly work environment and advancement opportunities. I truly enjoy programming and honing my skills in the field, so I am well equipped for a position that rewards commitment and passion. As a testament to these qualities, I've earned my associate's degree in Web and Software development from Western Technical College in La Crosse, WI and developed experience as a programmer for Cabela's in Prairie du Chien, WI. I now hope to continue my personal and professional development by exploring jobs in larger cities that offer greater opportunities. Please visit my personal website and blog to read about more of my interests and skills.

## EXPERIENCE & EDUCATION

### Reporting Specialist III, Cabela's

Prairie du Chien, WI — 2015-Current

- Create and edit web pages for all Cabelas distribution centers.
- Started as a Reporting Specialist I and was promoted after a few months.
- Use HTML, PHP, CSS, Javascript, Oracle Databases, SQL, and Angular, among other specialized web-based tools when necessary.
- Goal is to become a full stack programmer.
